China Youngman Automobile Group Co., Ltd and PT Tronix Limited Agree to co-operate in the field of Digital Entertainment

Shanghai, PR China, May 06, 2010 — PT Tronix Limited and China Youngman Automobile Group Co., Ltd today announced that they are working together in the field of fully digital, HD ready, on board entertainment systems for top end coaches and buses.

"With Voyager, PT Tronix created a high-end, future proof system with the flexibility and the performance quality we require in our coaches. This development will meet the demand of the buyers of our top class coaches in terms of sound quality and immaculate HD picture quality, offering at the same time unlimited content flexibility. We are delighted to line fit future Voyager systems in mass production in the near future starting with model nr. JNP61261F." – Mr. Guo Aihong (郭爱宏) GM

"PT Tronix is very pleased to co-operate with Youngman's coach division. Our advanced Infotainment technology and Youngman's top-end vehicles design share the same heritage of passion for top quality products." – Coco Ciocan, CEO PT Tronix

The China Youngman Automobile Group Co., Ltd is an all round automotive manufacturer focusing on commercial vehicle, coaches, passenger cars and automobile components. The company has strong ties with German heavy duty truck maker MAN and top-class coach maker NEOPLAN. Since 2001 Youngman has maintained a leading position in the Chinese domestic market of tour coaches with an 80% market share of the top segment of the market. In the area of low floor city buses Youngman has monopolized China domestic market. In addition to the success in the domestic market Youngman's bus & coach division was successful on the overseas markets such as Europe, United States, Russia, South Korea, Singapore, etc.
